## APPERCEPTION TECHNIQUES

By Leopold Bellak, M.D. & Sonya Sorel Bellak

**1. THE CHILDREN'S APPERCEPTION TEST (C.A.T.-A)** This test employs an original projective technique for presenting children with situations of concern. It consists of ten pictures of animals in social context through which the child becomes involved in conflicts, identities, roles, family structures, etc. Also included: informational material on history, nature, purpose of C.A.T., Ego Function Graph, test interpretation, use of Short Form, research possibilities, and bibliography. **\$45.50**

**2. THE CHILDREN'S APPERCEPTION TEST – IN COLOR (C.A.T.-A)** This new improved edition will appeal to the child in a whole new and exciting way, enhancing their ability to relate to each and every card, leveraging imagination and thought process! **\$48.75**

**3. SUPPLEMENT TO THE CHILDREN'S APPERCEPTION TEST (C.A.T.-S)** This supplement to the original C.A.T. presents children with family situations which are common but not universal, i.e. prolonged illness, physical disability, mother's pregnancy, separation of parents, etc. The picture plates are constructed like pieces of a large jigsaw puzzle, with irregularly-shaped outlines. Children who do not relate stories readily can manipulate these forms in play techniques. Also included: informational material on test techniques and bibliography. **\$45.75**

**4. THE CHILDREN'S APPERCEPTION TEST HUMAN FIGURES (C.A.T.-H)** In this version human figures are substituted for the animals shown in the situations depicted in the C.A.T. original. Also included: a review of the literature concerning the use of animal vs. human figures in projective techniques, a discussion of the process of transposing animal figures to human forms, a copy of *Haworth's Schedule of Adaptive Mechanisms in C.A.T. Responses* and bibliography. **\$47.00**

**5. The Kangaroo Complex** 53 Min. **\$14.99 (DVD) / \$94.00 (USB Drive)**

**6/7. COMBINATION KIT** - Consists of a copy of the DVD or USB Drive with *The Kangaroo Complex* and the C.A.T.-A. Individually priced at \$60.49/\$139.50 (B&W) or \$63.74/\$142.75 (COLOR) **Kit price \$57.49 (DVD) / \$125.50 (USB) (B&W) or \$60.74/\$128.50 (USB) (COLOR)**

**8. TAT NEW** - The TAT is a widely used projective test for the assessment of children and adults. It is designed to reveal an individual's perception of interpersonal relationships. Thirty-one picture cards serve as stimuli for stories and descriptions about relationships or social situations. Cards include specific subsets for boys, girls, men, and women. The test is useful as part of a comprehensive study of personality and in the interpretation of behavior disorders, psychosomatic illnesses, neuroses, and psychoses. **\$80.00**

**9. SHORT FORM TAT AND CAT ANALYSIS BLANKS** With this convenient fold-out chart one can visualize pertinent variables when analyzing stories offered in response to projective techniques and prepare a summary with data from all stories in view. Ego functions can be graphed on the final page. **Package of 25 \$31.25**

**10. HAWORTH SCHEDULE OF ADAPTIVE MECHANISMS IN C.A.T. RESPONSES - By Mary Haworth, Ph.D.** This checklist is designed to aid in qualitative evaluation of C.A.T. stories. It can also be used to furnish a rough quantitative measure for making comparisons between subjects and groups. Also included: a summary of defenses, content of those most frequently used, and directions for scoring. **Package of 30 forms \$38.95**

**11. SPECIAL COMBINATION KIT #1 / 8a (CAT-A COLOR)** Consists of a C.A.T.-A, C.A.T.-S, C.A.T.-H, one package (25) Recording and Analysis Blanks (Short Forms), and one package of Haworth Schedules. Individually priced at \$199.75 **Kit price: \$187.60 / \$190.50 (color)**
